Trying to clear the WDFW HPA permit hurdle. Also the EPA has entered the project that requires we look at the project's risk profile.

Keep you posted.

Thanks for checking in.

Hello Mr. Harrington,

I still have not received a JARPA regarding the proposed removal of the Sesko pontoons. Depending on when you intend to perform the work, this may impact your proposed project timelines.

Lindie,
Melissa mentioned the right of entry. Spoke with the USACE and our initial conversation leads him to believe "no permit" required. He will also be receiving the completed application.

Thanks

Hello Mr. Harrington,

Please forward a copy of your signed JARPA and Attachment E. DNR can sign the application as the landowner.

Depending on your project scope we may also need to issue you a right of entry.
